BADHAKESH

Rushikesh: How to see black magic from chart? Prasna Marga has whole chapter about it. Usually it happens when sixth lord (enemy) is connected to Badhakesh (adrsya agantuka). When badhakesh is connected to lagna, sixth or eighth then people are very jealous of native. Gulika will show element used in Black Magic, while A6 describes the magician/enemy.

Edward: What is the effect of an exalted Bhadakesh?

Badhakesh exalted is very good position. It removes all obstacles from natives life. But it also must be unafflicted. He will help through karma related to bhava where He sits. He will do this by naisargik karaka of this planet and related to CK's issue of this yoga.

Dear Ramesh, Namaskar
What this has to do with 'badhak' topic?

1. Mahamantra (given in Kalisantara Upanishad and popularized by Sri Chaitanya Mahaprabhu) is moksha & yuga mantra which has very spiritual & purificatory effects, this gives especially reunciation and dedication to God (mantra kriya-4; mantra bhoga-12). So You should know effects of mantras to get specific results. In your chart Vishnu is Your Ishtadevata and Chandra aspect shows Krishna, so this mantra is very auspicious for You from spiritual point of view. Instead mantra : Om Namō Narayanaya is very good for any career problem.

2. In this chart Kalamrta along 4/10 bhavas is troublesome, therefore You need Tripura Mantra or/and emerald to help Yourself. We use the name of Parasundari: Om parasundaryai namaH (try to recite it 3 malas daily; this is only for vegetarian).

3. Chandra is heavily afflicted being in curse and influenced by three malefics, this gives problem in finishing projects, especially with Rahu in tenth bhava. For this we worship Vedamurti; for example through mantraa Gajamukha Siddhirastu.

4. Donate picture/idol of Shiva to correct badhak-dosha.

Rafal Gendarz

Dear Rafalji,

Namaskar !

Can you please explain how an exalted badhakesh good in case of malefics. For

example, in case of Ta lagna, Sa is YK as well as badhakesh. Sanjay Rathji in one of his examples referred Sa debilitated in 12th as the best placement for these natives, I had assumed this was because of its badhaka nature for these natives.

Please clarify,

Warm regards,

Dear Ravish, Namaskar

1. It depends. Badhakesh exalted or with benefics will take the obstacles away. The next rule which You mixed is that badhakesh in twelfth (if alone) removes obstacles, therefore Sanjayji example.
2. Malefics in dusthana debilitated are giving good effects.

Dear Chandra, Namaskar

Referring to remedying badhaka, we learnt different techniques. We can use bhava where sits Badhakesh, and that is bigger part of Your question. When Badhakesh sits in eight bhava we are advised to perscribe Tattva-Worship. There is nice example in Vedic Remedies in Astrology. Let me cite it. If Badhakesh sits in eight bhava and its Simha Rasi then lamp should be offered to Bhoota Bali (Holy Fire) with mantra "Om Hum Rum Chaitanyayai Namah".

We can always cure Badhakesh by examining the Rasi in which He is placed.

Surya - Deity worship.
Chandra - Abhishek.
Mangal - Agni Hotra.
Budha - Festivals.
Jupiter, Shukra, Shani - feeding people.

For badhakesh sitting in tenth we perscribe Ganesha/Kartikeya/Skanda Pooja.

Also to be precise in terminology, lord of badhaka sthana is called Badhakesh.

Rafal Gendarz

Dear Jayachandfan,

Moon is unafflicted but Ma+Me yoga is in twelfth from Badhaka, so by curing badhakesh we clean the eight bhava and the problem there. The remedy lies in worshiping Krishna and feeding Brahmanas.

This 6/12 axis is bad for mother and marriage. Remedy lies in worshiping Mahakala Jyotirlinga and propitiating Ganesha.

“Surya - Deity worship.

Chandra - Abhishek.

Hi Rafal,

which deity shall we worship to remove badhaka (depending on badhakesh ??).

I understand the mode of worship by looking at the rasi where it sits. Is any mantra also require while worshipping deity for badhaka removal. like if we worship shiva with lamps for badhaka. Do we need reciting any mantra during the worship ?

Many thanks,
siya

Dear Manasi, Siya
Manasi

The one which is weak or with malefic, will give badhak; the one which is benefic will remove badhak.

Siya

It depends on sign and bhava. More in Prasna Marga. In every worship there is a mantra. If you ask for any SPECIAL mantra for badhak then no; just find the Devata depedning on the yoga and use the traditional approach. Of course you can be more precise whilst analyzing mantra bhava and kriya based on your chart yogas.

Assessing Mars & Rahu Mahadasha.

Ephemeris –Sade sati going on - Shani 1st house, Jupiter 6th house.

Which Career should I take? Finances? Wealth?

I completed MMS from India & MBA in USA but was unable to find work so had to return unfortunately. I will appreciate if you can let me know about jobs in USA & foreign residence in chart. I wanted to do job then start my own business.

I am ambitious, dress well, good communicator, have big plans & would like to turn them in reality. I am interested in building career as a Sales manager, Entrepreneur, Financial analyst, Business analyst, Software consultant, etc? Which among this would be more favorable and after doing job for some years; I would like to start my own business.

Are prospects better during Rahu Mahadasha because I will have to prepare for going to USA?

I am 27 year running; whether my marriage will be arranged or love? And does it makes me manglik?

Saturn & Mars are in my 12th house so will I have some Finances like to take care of my basic needs of food, clothing and shelter & if married that of wife and kids.

I haven't earned much when I was in USA, have personal debt, owe money to relatives & my parents have also spent a lot; right now I am dependent on my parents for my basic needs & take money from them.

Does happiness from Relatives exist? Like younger brother, parents, bhuha, grandmother, uncles, aunts, cousins, etc.?

Are there any dosha in chart or does it prevent me from settling in USA? I am ruined mentally, financially & emotionally as I couldn't fulfill my dreams. My reputation among family members has also been tarnished.

Please help me I am very depressed. I want to go back to USA; even if I get normal wages just to live a normal life.

I have to get an H1B visa - very competitive; there is a long wait list for green card filing 6-8 years. How should I plan my future? Any other information will be appreciated. Thanks.

Respectfully,

Amar1

Dear Amar

Most lucrative jobs are indicated by Navamsa. Per this chart is Ma,Ke,Mo. It shows engineering, computers and working with people. Source of money is indicated by your seventh bhava here which shows sellings, buisness. Budha can also tempt you for stock markets. You will be very protective about your collegues but can get into trouble due to women. Ju Ve in 1/7 shows kind of vipareeta rajayoga and its good for you and bring also money, enterprise. Rahu in ninth will make you break all the rules and yellow saphire can be needed as luck can suffer due to this. From 2005 to 2012 you will take many bold steps in life, you will expect period related to relationship and money, but fruits of authority, promotion and place of stay will come. Its kind of rajayoga when you are very determined, advenurous and strong. Mars being in Meenaamsa will make you focused on freedom and enegaged in some fights during that time. You will be too much focused on finances and you should drink water and sing to chanelize your energies. You should surely stay abroad. All your mentioned jobs are very good ideas as Bu in Ve sign shows financial consulting etc.

From mid-2008 to 2012 new dasa came and Cp will enable you much more finances and changes as in previous dasa 1,10 from Dasa Rasi where inv in sadhu-saapa. Remedy lies in reciting Om Prajapataye Namah.

Rafal Ji,

Namaskar!

Thank you for the reply. I am grateful to you.

I completed Masters in Management Science in Marketing from India & did MBA in Information Systems - Computers from USA. I have knowledge of Business Management & Engineering (can develop expertise).

Regarding Budha - I started stock market trading around 17th April 2008 on Nasdaq & NYSE. I did analysis on stocks, conducted systematic and methodical background search of companies I was investing in, read Wall Street Journal, Market Watch, Cnbc, Bloomberg, Google Finance, Yahoo Finance websites for trends, etc.

Does chart indicate that I will able to hold earnings and profit from speculation / trading in stock markets, real estate, etc?

I will keep in mind to keep distance from women in office to avoid the trouble.

Regarding Rahu in which finger of which hand I should wear Yellow Sapphire and of how much weight, color - deep yellow, etc. My weight is 68 Kg.

Sir, can you please clarify as I am a beginner & ignorant about Sadhu Saapa – “in previous dasa 1,10 from Dasa Rasi where inv in sadhu-saapa”; I understand about reciting the mantra as Mantra relates to Shiva.

Please let me know if I can be of any assistance / service. Thank you again.

God bless you!

I have a curious query. I was looking at the queries on black magic with respect to badhaka. One astrologer looked at my chart and said someone did some evil to me. After reading at this post, I saw my chart has Leo lagna which means Aries is badhakasthana with Mars as badhakesh, Mars is in Capricorn 6H. Is this link of badhakesh to 6H suggesting black magic? What other indications in chart should we look at for predicting such things? I also have Moon and Ketu on Lagna.

Yes, badhakesh in 6H in Makara Rasi and aspecting Lagna with Ketu in it is straight Pisaca yoga.

You should put tumeric to your mild or candles, worship Jagannath. You can also perform Mrtyunjaya Homa or worship Sri Datta from the first sloka of Datta Upanisad.

I didn't believe it till I saw your article. It happened with 2 astrologers, they said it is done by some one close turning into enemy. Is that because it involves Mars lording 4H (home) and in 6H (enemy) Lagna (personal) and Moon ?

However they did not tell me who it is. Is there a way to identify who can have grudge on me? I am well liked by people around me.
